[www.wesselsfarms.com](http://www.wesselsfarms.com)

Wessels' Farms has over 27 years experience producing poinsettias for garden centers, nurseries and the florist trade. Over the years, we have developed a successful fundraising program that has proven to be a winner for many local non-profit groups.

Please review the enclosed sales packet. Wessels' will provide enough packets for each participant in your fundraiser. These packets will help keep your program organized and will also give us a clear and concise order for processing.

We welcome any questions you may have so please feel free to contact us. We look forward to working with you on this fun and profitable project.

Sincerely,

Edward A. Fairweather  
Wessels' Farms
